# Outlook 2021

## Updated ex ante tools

taking into account Farm2 Fork, Biodiversity strategy

## Good Practices workshops

Data management systems / governance / communication

## Better data for evaluating the CAP

Guidance

## Building capacities

on data management / Evaluation Plan / Ex-ante / Ex-post

# ENRD Evaluation

Delivery against objectives 2015-2020

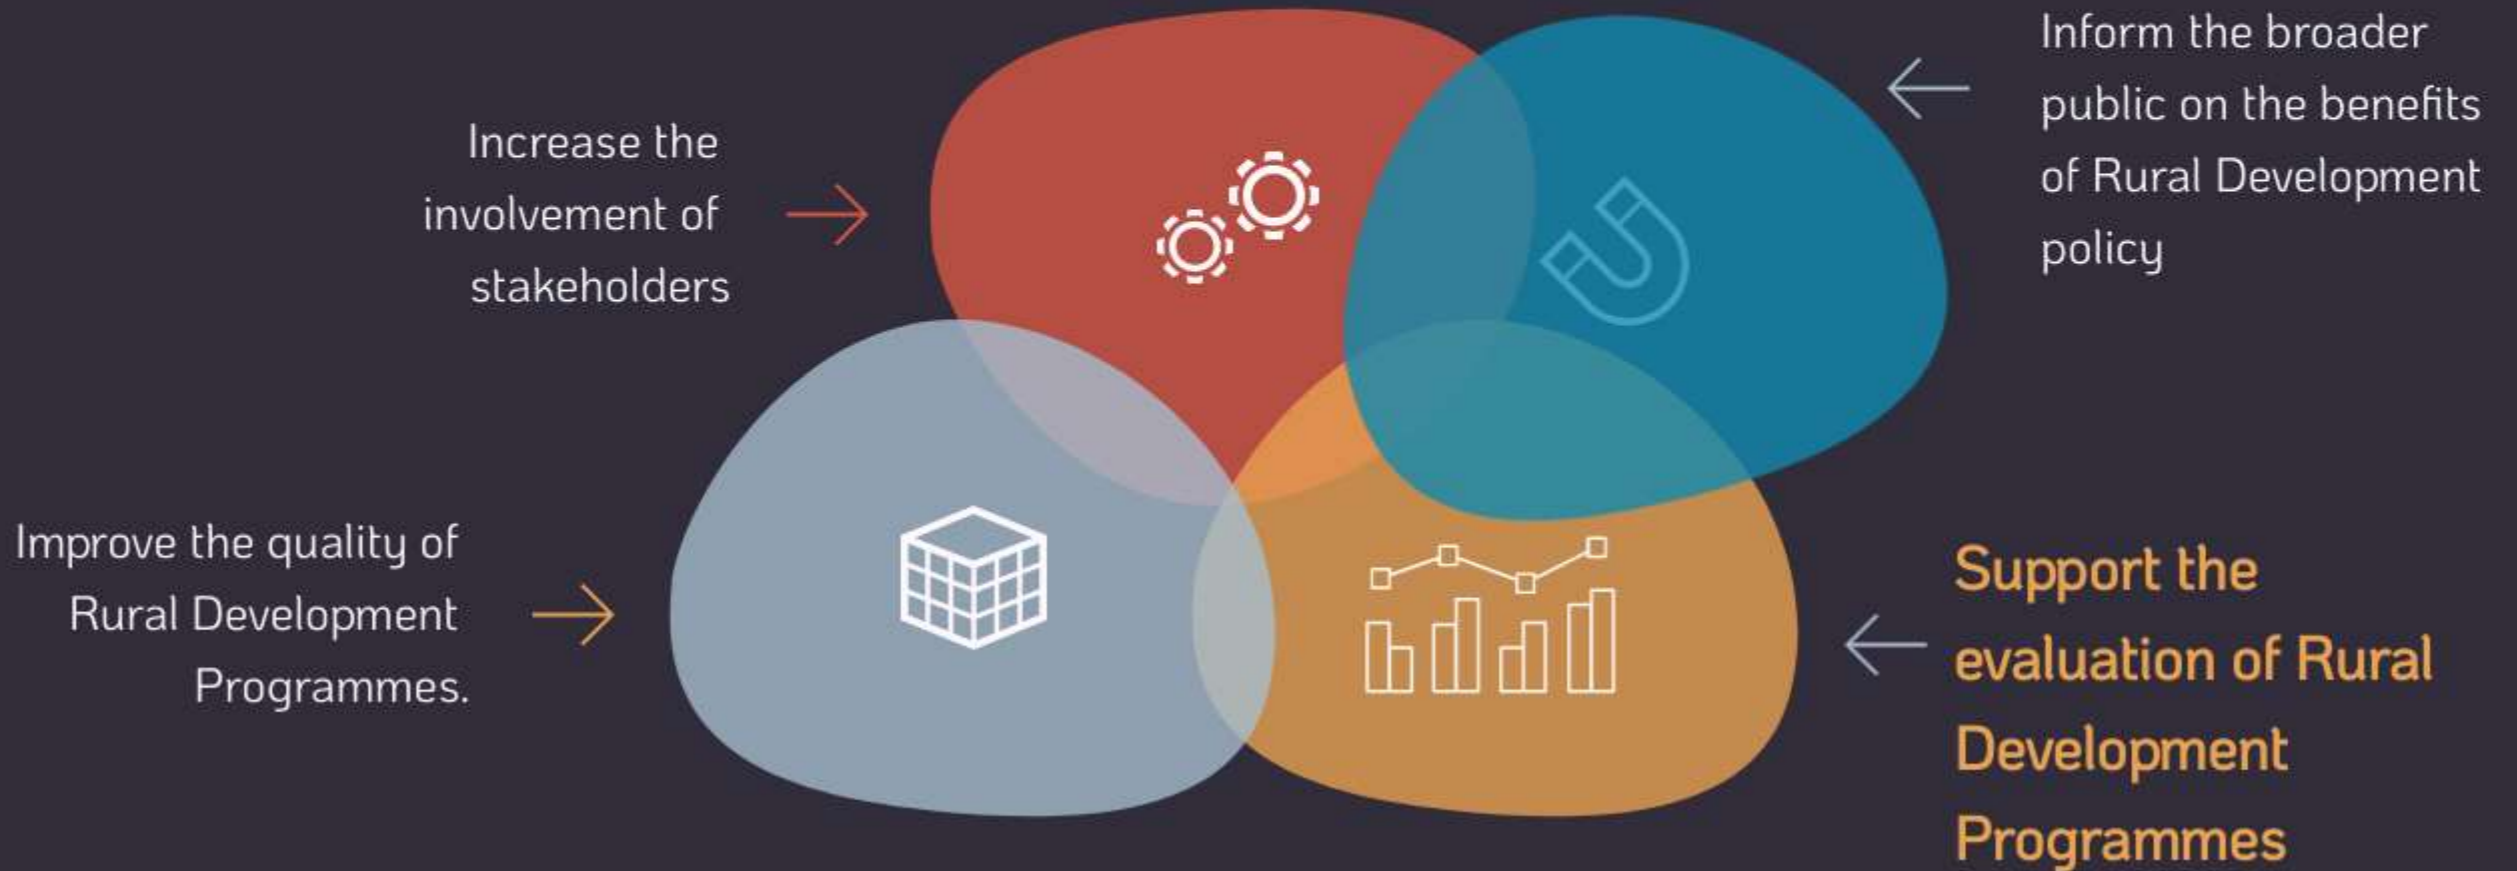

# 2

# ENRD objectives

Art. 52 (2) of Reg. 1305/2013

We are confronted with a major challenge and that is to persuade the wider public of the benefits of our policy, not only for farmers and rural actors but for citizens in general. This is precisely why the monitoring and evaluation system for RDPs is so important.

**Commissioner Phil Hogan**

# NRN's role in evaluation

Vija

Veisa

Latvian Rural  
Network

The NRN could be more used in the evaluation of LEADER/CLLD [...] for example, by helping them to structure their self-assessment and evaluation related information in a way that helps to identify and store comparable data, develop indicators and collecting further information.

EIP Network

# Evaluation of innovation

Lena  
Lind

Managing  
Authority, Sweden

One of the big things for us is that we want to evaluate the effect on innovation in rural areas in the agricultural sector. We see innovation as such, as a tool that will bring new ideas and bring progress into the areas we are trying to help
