# Taking Cork forward NRN perspective

- **Potential** – to deliver the Cork declaration results
- **Need** – The Cork declaration shall be discussed widely with/among stakeholders in order it is accepted by rural population and businesses;
- **Should we?** - make a step back and analyse NRN activities in order to understand if this is best what networks can do for Cork objectives;
- **We should** – NRN's and NRN SU's have potential to do more;
- **How?** – we can work better together to support real CLLD.
