

# LAGs Mutual Learning in the Czech Republic

*Jan Florian*

*National LAG network of the Czech republic  
vice-chairman*

*LEADER/CLLD funds, 25 Sept 2015, Milan*

2

## LAG Coverage & LAG Network

- the aim for 2014-2020 was to **raise LAG coverage** of the Czech republic close to **100% of rural areas**
- thanks to activity of **National LAG Network** and **Ministry of Agriculture** (incl. NRN) the number of LAGs increased rapidly

3

## LAGs Mutual Learning

- In 2007-13 **all LAGs** had the opportunity to take part in **cooperation projects** (not only 112 supported LAGs)
- National LAG Network in cooperation with NRN organized different events and distribute informations to **help new (all) LAGs to be prepared for CLLD**
- In 2013 **new RDP measure** was introduced to help other **59 „local partnerships“** to gain experience - from 112 already supported LAGs were selected the best ones as a **potential twinning partners** for the new local partnerships as **a mentors and supervisors**

4

## LAG Twinning

- new or not yet supported LAG („local partnership“)  
had the opportunity to choose one or more **twinning partners**, who had to help them during whole project
- together with twinning partners they organised **trainings, excursions, interships etc.** to gain the experience
- the measure funded **preparation of the organization documents, structure, etc.**
- the new partnerships had to organize one **trial selection procedure** for mini-projects (such as events) to train selection procedure etc.

5

# LAGs network in the Czech republic

as in May 2015

**181 LAGs**

- 170 Network members
- 11 other LAGs
- cities over 25.000 inh.
- army area

Názvy MAS byly pro potřebu vizualizace zkráceny či upraveny.
