Inspiring Rural Europe

The Eco-Brussels
11-12 April 2011

Networking for Policy: "Future networks should have the capacity to reach out and reduce the distance between Brussels and on the ground, between policies and implementation, between places that work well and less well. We need to do deep networking!"

RURAL
INSPIRATION
AWARDS

Brussels, 11 April 2019

Runned by the

European Network for
Rural Development

Networking for Evaluation: “We need to know how the networks are doing their evaluations. And to share good examples and how they are looking at outcomes. Let’s learn from EvaluationWORKS!”

Call Sweden
or talk to me
about:
podcasts and
webinars

Networking for LEADER: “There is not a single solution but a combination of on and off-line, direct and indirect contacts. Celebrate your success!”

LESSONS

Stakeholder Engagement: “Engaging with people is more important than ever in our modern, fast-paced world. Use all types of communication – new and old; be relevant; avoid silos and engage the unusual suspects.”

 **Networking for Innovation in Agriculture and Forestry**
